JERRY LIERLY DIES AT AGE OF OVER 81 YEARS

Jerry Lierly passed away in this city last Tuesday at the advanced age of over 81 years and six months, after an illness lasting for several years. Toward the last his condition had been very grave and his death was not unexpected.

Mr. Lierly came here from Illinois in 1865, settling first at Sanel, where he lived for a year, moving thence to the place on Eel river above Potter Valley, which he owned at the time of his death. He made his ranch one of the best known summer resorts in this part of California.

He was a staunch and upright citizen and was esteemed and respected by a large circle of friends.

The funeral was held at Potter Valley yesterday at 1 o'clock, the obsequies being conducted by the Potter Valley Grange, of which he had been a member for many years. A large concourse of friends was in attendance.

There remain to mourn his demise, a widow, a son, Harry, and a sister, Mrs. McGee, of Potter Valley, and to the bereaved relatives the sympathy of many friends is extended in full measure.

GLAUDE DAVIDSON MAY GO TO S. F. BALL CLUB

Claude Davidson of Ukiah, star center fielder of the Santa Rosa Base Ball Club's team during the successful season just closed, is being considered by the San Francisco Seals as a player in the Coast League, according to the Santa Rosa Republican.

Davidson, who came as near being a "fence buster" as there was on the Santa Rosa line-up, and who starred in the field as well, has had several try-outs with the San Francisco Ball Club, and has created a very favorable impression.

"The only trouble with Davidson," says a San Francisco account, "is that he hits in the pinches." Which is, of course, precisely what every team is looking for—a pinch hitter, and indicates that Davidson may be selected for next year's team.

Child Scalded by Pan of Hot Water

FORT BRAGG, Nov. 19.—The two year old daughter of Mr and Mrs L. P. Hunting of Fort Bragg was badly scalded yesterday afternoon by falling into a pan of hot water.

Mrs. Hunting was about to scrub the dining room floor. She had just put a dishpan of scalding water on the floor, when she was called to another room on account of the baby starting to cry. In her absence, the little girl walked over to the pan and in some manner slipped and sat down in the same.

She was badly burned from her waist to her knees, and her condition is said to be quite serious.

NEW CASES FILED IN SUPERIOR COURT

Through H. L. Preston, W. O. Edmunds has filed a suit against J. W. Moore seeking to recover on a promissory note given in exchange for some cattle, the amount involved being $5095.80. Moore was convicted this week on a criminal charge growing out of the transaction.

J. J. Lima has filed a suit against Martin Hart seeking to obtain an accounting on a partnership in the operation of certain property in section 6, township 24 north, range 17 west. The two entered into their business relations May 1, 1910. Lima also asks for a decree vesting the title to half the property to him.

JURY CONVICTS MOORE; OUT ONLY FIVE MINUTES

The case of the People vs. J. W. Moore came up before Judge White and a jury in the superior Court last Monday, the trial lasting until Wednesday evening, when the jury brought in a verdict of guilty after deliberating for about five minutes.

Moore was accused of obtaining goods under false pretenses, and evidently the jurymen thought that he was all the prosecution represented him to be, judging from the speed with which they brought in their verdict.

Following the rendering of the verdict, Moore's attorney, C. M. Mannon, interposed a plea for probation, and the pronouncement of sentence will await the investigation and report of the probation officer. Sentiment is strongly against the defendant, who, representing himself to be the agent of a well known cattle buying firm, defrauded W. H. Edmunds out of a band of cattle valued at $5,000, giving in payment therefore a promissory note, said to be absolutely worthless.

EDWARD AMHERST OTT GIVES EXCELLENT TALK

The second number of the Lyceum course was given last night at the Victory Theatre, being a lecture by Dr. Edward Amherst Ott entitled "Victory". It was one of the most inspiring and thought-inducing talks ever given in Ukiah.

"Victory" is a lecture on the reconstruction problems following the war. It is full of the spirit of Americanism, of a hope that the gains of the war may not be lost through our failure to continue the fight for high standards and ideals.

Here are a few of the many striking thought in the lecture:

"There is a chance that America may lose the reward of the great sacrifices that have been made and that the world may miss its opportunity. Over eight million men lost their lives during the war and another eight million have been permanently disabled. No sacrifice in the history of the world was ever so great or so freely made. But victories are not gifts of the War God. The defeat of an enemy does not mean that you get what you are fighting for. Unless all of the social forces rally and constructive thinking prevails we are to miss the fruits of victory.

"Russia lost her Czar but she did not win orderly government or rise to a higher plane. She achieved hunger and bloodshed and disaster because she was not prepared to accept the victory of the battlefield. It takes more patience, more thought, more character to win a victory than to win a battle. The dough boy's heroism must not be in vain."

T. J. WELDON TAKES ASSOCIATE IN PRACTISE

Attorney T. J. Weldon has associated with him in the practice of law in this city, A. L. Wessels, a late arrival in this state from Colorado. Mr. Wessels was here this week and left again for the city and on his return the latter part of the week will be accompanied by his wife and son.

He comes highly recommended, both as a lawyer and as a gentleman. He was engaged in the practice of law for a score of years previous to the war, on the outbreak of which he enlisted. He was executive officer at Mare Island during the war.

The legal fraternity will welcome Mr. Wessels to its ranks and the family will be a decided acquisition to the social life of the community.

AUTOMOBILE OVER GRADE NEAR BOONVILLE YESTERDAY

The driver was rendered unconscious for several hours, coming to at a late hour yesterday evening. A man he had picked up on the road was riding with him at the time and escaped with a few bruises.

The car had been to Albion with a load of laborers from San Francisco for the Albion Lumber Co., and was returning to San Francisco when the accident happened.

BIG SHIPMENTS OF HOGS SENT TO FATTEN ON RICE

Harry Beard and George Bauer, the well known Round Valley stockmen, shipped 1,075 more hogs over to Colusa and Glenn counties last week to fatten in the rice fields. They now have about 4,000 hogs, all told, in those counties. When the rice is harvested great quantities fall to the ground and in some places it is too wet to cut the rice. Hogs have proven to be the best animals there are to clean up the fields and the rice fed hogs are said to better than grain fed.

J. C. Clow, a prominent rancher of the Philo section, was here last Friday.

49 Consecutive Victories For District Attorney

The conviction of J. W. Moore by a jury this week marks the 49th consecutive victory in the Superior Court for District Attorney Hale McCowen, Jr. Since Dec. 18, 1917, there has not been an acquittal in this court, the various defendants having been convicted or having entered pleas of guilty.

The work of Sheriff Byrnes has aided greatly in obtaining these results. He and Hale McCowen make a fine team.

This is assuredly a splendid record and one for these officials and their friends to be proud of. We doubt if it can be equalled or excelled anywhere else in the state.

CATTLE THIEF CAUGHT

Lester Hancock, wanted in this county on a charge of cattle stealing, was caught in one of the bay cities last week following a series of burglaries perpetrated there by him. If he gets clear on the various charges against him there, he will be brought to Ukiah to stand trial for the charge against him here.

UNBALANCED BY SORROW; DROWNS SELF AT OAKLAND

FORT BRAGG, Nov. 18.—The many local friends of Mrs. H. C. Johnson will be pained to learn that while in a fit of despondency she committed suicide Thursday evening by drowning herself in Lake Merritt, Oakland.

Since the death of her late husband, Mrs. Johnson's health had been extremely poor and on previous occasions it is understood that she temporarily lost the control of her mind.

Mrs. Johnson left her home in Oakland early Thursday evening, telling her daughter, Mrs. H. C. Usinger, with whom she was living, that she was going for a short walk.

When her mother did not return after a reasonable length of time, Mrs. Usinger became uneasy and turned an alarm in to the police.

The body was found Friday floating in the lake near Twenty-first and Harrison streets by two boathouse attendants.

Mrs. Johnson resided in Ft. Bragg for a number of years, while her late husband was mill superintendent for the Union Lumber Co. She is survived by two daughters, Mrs H. C. Usinger and Miss Alice Johnson, to whom the sympthy of the community is extended.

Funeral services were held Monday in Oakland.

FIVE PANTHERS KILLED BY COVELO STOCK MAN

COVELO, Nov. 18—Walter Foster, a well known resident of the Covelo section met with a most thrilling hunting experience last Saturday near the Indian Dick Ranger Station, 25 miles northeasterly from Covelo.

While Foster was rounding up cattle his hounds found mountain lion tracks which when followed led to a "bunch" of 2 grown female lions and three cubs. The lions treed, all within a quarter mile of each other and gave Foster a chance to pick them off with his 30-30. The chase lasted not over an hour. One of the grown females showed fight but her efforts amounted to little more than try to protect her cubs from the dogs.

Would like to hear of a more successful lion hunt than this.

During the last two weeks Foster has also killed two large black bear.

Ginocolo Trial Again Postponed for a Week

The trial of the case of The People vs. Jesse Ginochio, which was to have come up today, has been postponed again until next Friday.

POSTOFFICE EMPLOYEES GET RAISE OF SALARIES

The attaches of the Ukiah postoffice are rejoicing over the news just received that all have been granted material increases in salaries, dating from July 1. While the increase is welcom, the fact that it will be forthcoming for the past four and a half months will be an added enjoyable feature.

According to the new salary measure the city carriers, clerks, rural carriers and substitutes enjoy the pleasure of increased pay. The increase consists of $200 per year for all men receiving between $1000 and $1200 per year; $150 per year for those receiving between $1200 and $1600 per year, and $125 per year for those receiving $1600 per year.

Substitute clerks and carriers who have been receiving 40 cents per hour will receive 60 cents from July 1 for all time they are employed.

INJURES HAND

JOSH WILLIAMS INJURED IN AUTOMOBILE COLLISION

Josh Williams, who runs a jitney to the asylum, received a broken rib and a sprained wrist last Wednesday evening when his car collided with a Tribuno & Garrish truck driven by George von Krusze, at the junction of Clay and State Streets. Krusze was going west on Clay and Williams was inbound on State. The truck debouched into State street so suddenly that Williams did not see it in time to stop and he struck the side of the heavier vehicle head-on.

Williams was thrown against the steering wheel, two passengers who were riding in the back seat being thrown on top of him.

The jitney was rather badly wrecked in front and the truck received a broken running board.

Pear Orchard of O. R. Meyer Sold

The sale of the famous O. R. Meyer pear orchard near Hopland was consummated recently and the new owner, A. Rossetti, has taken possession. The orchard consists of about five acres and is one of the show places of Mendocino county. It was planted by the late O. R. Meyer and has been owned by the widow until the sale. Mr. Meyer took great pride in the place and owing to the heavy bearing habit of the trees, cuttings from the stock have been in great demand, Mr. Meyer being unusually liberal in allowing cuttings to be taken. His liberality in this regard has always given a big impetus to the pear industry in this section.

Child Kicked by Horse on Road to Recovery

Little Stanley Hildreth, 4-year-old son of Mr. and Mrs. Lew Hildreth, was kicked by a horse yesterday morning and received injuries in the chest and knee. He was taken to the Langland Hospital for medical attention, after which he was taken home, where he is doing all right.

CORSO HELD FOR TRIAL UNDER BONDS OF $5000

Gio Corso, the Italian who stabbed County Surveyor Edgar Smith several weeks ago during an altercation on Smith's property near the Asylum bridge, came before Judge Hurley for his preliminary examination last Wednesday. He was held to appear before the Superior Court on a charge of assault with a deadly weapon with intent to kill. Judge Hurley placed the bail at $5000, which was furnished by Messrs. Colombini and Lucchesi.

The High Cost of Keeping Clean

Needn't bother any housewife who possesses one of our electrically driven washing machines-

Most Ukiah housewives do part of their washing and send part out. With this machine you can do it all at home. Figure up the saving thus made and you will find that the machine will pay for itself the first year and produce a dividend as well, amounting to at least half the first cost.

No worry, exasperation or mess on wash day.

No back-breaking, health-ruining, nerve wracking scrubbing.

All the clothes on the line by nine.

Time for other household duties while electricity does the washing.

A week rightly begun without physical exhaustion.

Costs but a few cents to operate.

ANDERSON VALLEY

ANDERSON VALLEY, Nov. 17.—Charley Philbert came down from Mountain View on Sunday, bringing with him his daughter, Mrs. Elvin Balfour of Vallejo, who has been visiting her parents. Mrs. Balfour took the stage on Monday for her home.

Will Cureton and two sons, Henry and Allie, went to Manchester last week, returning with a load of fine potatoes, which they purchased from Fred Bishop and Frank Fairbanks.

Camp 11 was well represented at Boonville last Sunday. Port Lawson, Omar Robinson, Doc Caldwell, Roy Vallier, Leonard and Forest Cureton, all coming over on Saturday and returning to camp on Sunday.

Arthur Molise of Manchester was a Boonville visitor on Sunday. He reported the death of Elige Williford, who died at Point Arena the evening before which was heard with regret by Elige's many friends in this valley. Sympathies are extended to his family in their bereavement.

Albert Hogan and wife of Albion, are taking a week's vacation in Anderson Valley.

Ed. Chalmers and Jack Caylor of Point Arena were visitors to this valley on Saturday.

Fred Rawles has sold his lease on the Week's ranch to Glenn and Arthur Johnson, and will leave this week for Imperial Valley, where they will look around for another place to locate.

Word has been received that Mrs. Price Babcock has been discharged from the Hanheman Hospital where she has undergone a most serious operation. She expects to be home about November 22 and her many friends will sure be glad to welcome her home.

Mrs. Wade and Miss Lyle Rawles made a visit to Willits last Tuesday, returning to Ukiah in the evening for the Armistice Ball. They report having a fine time on the trip.

Supervisor Williams has a large crew of men working on the new fill at the cemetery and it sure is a great improvement to this valley as it was always a bad hill and especially dangerous in the winter time as there was a very bad bridge at the place.

Mrs. Susie O'Brien and Mrs. Albert Tarwater have returned from a trip to Los Angeles and other southern towns.

A large crowd of Point Arena Indians, having finished hop-picking, are camped on the Ornbaun place and are busy cutting wood, also doing other work for Tom Ornbaun.

Origin of Names of States.

Connecticut is an Indian name meaning "Long River;" Maine is regarded as of French origin from the province of Maine; Massachusetts is an Indian word meaning "Place of Great Hills;" New Hampshire is English, coming from Hampshire county, England; Vermont is French, Vert Mont, meaning "Green Mountain." With reference to Rhode Island there is a difference of opinion, some claiming that it was named for the island of Rhodes and others for a prominent settler named Rhodes.

A Mild Call.

"I don't mind you writing gush letters in office hours," explained her employer, "but the management of the building complains that you put so much love in them that they block up the mail chute."

ANSWERING "TAXPAYER"

(Published by Request.)

(Editor's Note:—We assume no responsibility for any sentiments expressed in communications, and will give space in this paper freely to any one desiring to answer any communication appearing herein, reserving the right to eliminate matter deemed by us objectionable.)

EDITOR DISPATCH-DEMOCRAT,

DEAR SIR:—In last week's Dispatch there is a communication with which I heartily agree. In this "Taxpayer" suggests that teachers sweep the school and do other janitor work and that the male pedagogues get the wood. Well and valiantly said, old "Taxpayer". That's just like it was in dear old Germany before you left, isn't it?

Yes, and more than that, the school ma'ams should be compelled to work in someone's kitchen between 12 midnight and six in the morning. This is the only time they have left to work for those who in their commiseration for the teaching profession, consent to pay taxes.

Another thing that gets my goat is that the Superior Judge doesn't sweep out the jail and pull weeds in the court yard, instead of making some poor taxpayers do it, just for meanness. And all of the rest of the county servants (note my slurring intonation) should be put to work on the roads during their spare time so that "Taxpayer" (get the emphasis?) may have a run for his money.

Say, "Taxpayer", how much taxes do you pay? Would you sell your property for what it is assessed to someone who doesn't object to paying taxes for schools? Did you ever graduate from an elementary school? Do you know what schools are for, that is, what they aim to do? You needn't answer these questions if they embarrass you, but———

"I'd Like to Know."

P. S.:—I didn't understand all "Taxpayer" said because English is the only language I understand, but I am sure that I would love to agree with it if I only knew what it was.

P. S. (Again):—Another thing you didn't say is that the teachers have the nerve to quit and wash dishes in restaurants, where they can be ladies and not be insulted by taxpayers. They have been doing this right along so that we have hardly enough to run our schools. Some of them are even mad about what taxpayer said in the letter and one of them says he can take his old school and go to—reverse Paradise for all of her, for she will get a job as a scrub lady (get the lady—teachers are just ma'ams. They don't come in the "lady" class). Listen, Taxpayer, I don't believe her. I think she is going to marry a taxpayer and pull his leg, but she's ashamed to confess it.

Good bye, Dear Old Taxpayer, I love you

As ever,
"I'D LIKE-TO-KNOW."

EDITOR DISPATCH-DEMOCRAT,

As Chairman of the resolutions committee of the late institute, I suppose that I am expected to defend the work of that committee. A careful perusal of the resolutions passed by the institute is all that any fair-minded person needs to convince him of their moderation and justice. I have nothing to say about the rest of the communication, except that it seems too ridiculous to merit consideration or attention.

Respectfully,
I. H. SEFTON.

A UKIAH MAN GIVES EVIDENCE

His Testimony Will Interest Every Ukiah Reader.

The value of local evidence is indisputable. It is the kind of evidence we accept as true because we know we can prove it for ourselves. There has been plenty of such evidence in the Ukiah papers lately, and this straightforward testimony has established a confidence in the minds of Ukiah people that will not be easily shaken.

M. A. Sloper, W. Perkins St., Ukiah says: "I think heavy lifting is what affects my kidneys and brings on attacks of backache. When I have an attack, my back is lame and sore and it is hard for me to stoop. I use Doan's Kidney Pills right away and they never fail to relieve me promptly."

Father of Whist.

The modern game was evolved by Edmond Hoyle, who died 150 years ago. He wrote a treatise on whist which ran into five editions in a year, and achieved such fame as a coach to whist players that Byron once exclaimed: "Troy owes to Homer what whist owes to Hoyle."

A New Language.

A strong movement is on foot for recognition of Provencal, the language of southern France, as a distinct tongue from French.

Social and Club Activities

Mrs. W. D. L. Held, Editor - Phone 63

Ukiah's need for an auditorium or assembly room suitable for large gatherings is being demonstrated almost weekly. Only recently the county institute convened here and those who were in attendance realized keenly the deficiencies of the only possible meeting place. The Women's Clubs of Ukiah have secured for us the district convention of Federated Clubs which means that for several days in April we will have with us about two hundred representative women from all over northern California including the bay cities. Our hotels can house them nicely, our town is outwardly most attractive but the grave question of where the convention meetings may be held is seriously troubling the hostess clubs. We might secure numerous public gatherings had we a suitable place for them. The young people who love to dance ought to have a suitable and beautiful place for their parties. The whole level of community life would be higher if we had more inspiring surroundings for our public meetings. Not only is an assembly room a crying need, but club rooms and a public gymnasium would not only give pleasure but would be an absolute force for promoting good morals in giving our youth a place to congregate and enjoy themselves in legitimate ways and prevent some of the harm that results from gathering in private and often far from elevating places of amusement.

Cannot Ukiah do anything to provide for these needs in community life? The boys of the American Legion had planned a community club house but they realize that at their present rate of progress most of them will be gray and decrepit before they could raise the necessary funds. Is there no one who can present a feasible plan to give to the public what it needs along these lines? Have we not enough public-spirited citizens to subscribe outright the funds needed for such an enterprise? If all the men and women of Ukiah and vicinity would in this year of unprecedented prosperity give in proportion to their means we could soon provide a proper civic center and wipe out the stain that rests on us that our boys are back from war and not so much as a tablet has been set up as a memorial of our appreciation of them and what they did.

SATURDAY AFTERNOON CLUB

On last Saturday Mrs. S. L. Rea and Mrs. Brazier entertained the Saturday Afternoon Club at the home of the former, which was beautiful with chrysanthemums and autumn foliage. The business session was rather lengthy owing to a number of important matters on which action was necessary. A project to find a meeting place large enough to permit of an increase in the club membership was earnestly discussed. The dream of the club to have a modern home of its own seems a little slow of realization but the ladies are not discouraged. They are constantly adding something to their funds and now have enough to buy a suitable lot. Mrs. Moffatt made a donation to the club which was promptly placed in the club house fund. Hearty endorsement of the proposal of a community Red Cross nurse was expressed by unanimous vote.

The program was in charge of the committee on Child Welfare. They have succeeded in having an attendance officer appointed for the local schools, and Mrs. Handy, who is filling the office, gave a very interesting account of some of the things she finds in her work of trying to induce better school attendance. Mr. Sefton, principal of the grammar school, had consented to address the club on child welfare as connected with the school. He presented the subject so plainly and withal so interestingly that surely those who heard him will take a deeper interest in the schools and feel a greater responsibility for raising their standards than before.

Mrs. Waldteufel and Miss Catherine Thomas sang two very delightful songs, "Somewhere a Voice is Calling" and "I Love You Just Because You're You." Delicious refreshments at dainty tables followed the program and the hours sped all too quickly away.

CHRISTIAN CHURCH HOLDS RALLY

The members of the Christian Church held a missionary rally last Monday evening. Three outside speakers, Mr. Lloyd Smith of Los Angeles, and Mr. Barnum and Mr. Yokum of Kansas City, addressed the congregation in most interesting talks. There was in addition to a large attendance of the local church, a large crowd from Lake County. At six o'clock the ladies of the church served a most appetizing supper to the visitors from abroad. Church interest and enthusiasm abound in the organization and they look foreward to their approaching evangelistic campaign with great zeal and hope.

CULTUS CLUB

The Cultus Club met on Tuesday evening at the home of Mrs. P. H. Joseph and held a very interesting and enjoyable meeting.

The matter of a community nurse whose expenses should be borne by the local Red Cross Chapter was discussed and the proposition received the hearty approval of the club. The program was a study of three modern poets. Mrs. Templeton gave a short history of the life and works of Ella Wheeler Wilcox and read one of her latest poems "America, March On." Mrs. Seawell discussed George Sterling and read two short poems, "The Tryst" and "The Master Mariner." The third of the trio of poets, Robert W. Service, was discussed by Mrs. Redemeyer, who also read several of his poems, "Forward", "The Convalescent", and "Jean Desprez." As a musical contribution Miss Perry sang a delightful litle song "Where My Caravan Has Rested," by Herman Lohr, Mrs. Preston accompanying her. Miss Frances Joseph, the young daughter of the house, played two much appreciated solos, "Voices of Spring" by Bond and "Shadow Dance" by MacDowell. The pretty home was charmingly decorated in chrysanthemums, and dainty refreshments of chicken salad, coffee and wafers were served. The meeting was one of the pleasantest of the year.

MRS. HOLLIDAY ENTERTAINS AT BRIDGE

Mrs. Arthur Holliday last Wednesday entertained a little group of friends at her beautiful country home south of town. Two tables of bridge were played and Mrs. E. B. Gibsor was the fortunate winner of the prize, a handsome box of stationery. The guests were Mrs. E. B. Gibson, Mrs. Louis Hildreth, Mrs. Meyers of San Francisco, Mrs. W. D. Bond, Mrs. Ernest Ruddick, Mrs. H. L. Preston, Mrs. Charles Blalack, Mrs. F. T. Barker and Mrs. Clair Smith. The house was pretty and cheerful with red berries in profusion. Delicious refreshments at a charmingly appointed table brought the pleasant afternoon to a close.

M. E. C. S. SOCIETY MEETS THURSDAY

The Missionary Society of the M. E. Church, South, held its monthly business and social meeting yesterday in the church parlors. Mrs. Thomas, the capable president, presided at a short business sesion. Among the society's activities was the packing and shipping of a large Thanksgiving box of good things to the Wesley House in San Francisco.

The program was in charge of Mrs. W. D. L. Held, Mrs. E. B. Gibson, Mrs. Fred Hilliard and Mrs. J. J. Mathews. The subject for the afternoon's study was "Protecting Young Womanhood." Mrs. Held gave a talk on "The Working Girl" and Mrs. Hilliard read an interesting paper on "The Dependent Girl—Her Call for Care." Mrs. E. B. Gibson and Mrs. Leta Ford played a beautiful duet, Pauline Benges gave a piano solo in a pleasing way and little Charlotte McGarvey sang a dear little song.

The ladies in charge served delicious coffee and sandwiches from tables gay with holly berries. The afternoon was a very profitable and pleasant one.

MISS STEVENS CLASSES VERY SUCCESSFUL

Miss Olive Stevens, who comes weekly from Oakland to give lessons in physical culture, esthetic and ball room dancing is meeting with much success. She has already two large classes, one of children, who meet on Saturday afternoons for physical culture, and one of older folks who gather on alternate Saturday evenings for instruction in ball room dancing. It is coming to be recognized that grace of body is a thing much to be desired and that the exercises so pleasantly taken are conducive to both health and happiness. Miss Stevens is a most capable teacher and the youngsters of her class look forward eagerly to the weekly hour of exercise.

KOSMOS CLUB PHILANTHROPY

The philanthropic feature of the Kosmos Club was greatly emphasized on Wednesday afternoon when the members met in groups in three different homes and cut and made clothing for the suffering Armenian children. These prominent club women are always to the fore in deeds of charity and this is but one of the many phases of their activity; while there is a forward movement for more rigorous prosecution of their work both at home and in the war devastated lands.

The homes where the workers met were those of Mrs. Edgar Smith, Mrs C. Puett and Mrs. E. Albertson.

NEW ENTERPSISES SPRING UP NEAR NOYO FISHERIES

FORT BRAGG, Nov. 19.—Announcement is made this week of two new enterprises that are to go in at Noyo in connection with the fishing industry. They are a new machine and gas engine repair shop to be built and conducted by the Windlinx Hardware Company, and another mildcuring and fresh fish packing plant to be operated by the Independent Fish Company of San Francisco.

Realizing the fact that there has been no machine equipment at the Noyo with which to repair the fishing launches when they break down, the Windlinx firm has decided to build and equip a first class machine shop. They will also aim to carry a full stock of accessories for marine engines.

The Independent Fish Company purchased a site this week on the south side of the river between the International Company's plant and that of the local Fishermen's Association, it is said. Reports have it that they will start to erect a building suitable for mildcuring and fresh packing the first of the year.

Rumors are also being circulated about town that a number of other applications for sites at the Noyo have been made on the provision that the river channel be improved.

Fred Hyman, who opened a boat factory at Noyo last spring, is getting ready to build a 64-foot launch at his plant. It is to be equipped with a eighty horse power Hicks engine, and is to be used to haul casks of mildcured fish, fresh fish, supplies, etc., between Shelter Cove and the Noyo.

AT THE HOSPITAL

W. Van Dyne, who was operated on at the Langland Hospital the first of the week is progressing favorably.

George Whitehorn has been at the hospital for two weeks past receiving medical attention.

Geo. Cameron of Albion was in town the past week.

Needlework Clubs Are Popular

By the U. S. Department of Agriculture

Dresses for the house, dresses for the streets, and dresses for all ages have been made by sewing-club women under the tutelage of home-demonstration agents from Maine to Oregon. In California 53 women in one class made party dresses last summer. The women in San Diego county, California, are much interested in needlework. When a dress-making demonstration is held there by the home economics worker sent out of the department of agriculture and the state college the attendance is always above the average. In May 206 club women in this county made hats, and in July 136 made dresses, one class of 53 in Escondido making party dresses.

The patterns at these meetings are measured and fitted to the measurements of their owners, then the dresses are cut and made by the corrected pattern without fitting. Class mornings are usually given over to discussing materials and patterns which are to be worked on that day. The cutting and sewing of the garments is done in the afternoon. Attention is also given at these meetings to renovating and remodeling. The array of good-looking gowns on exhibit after one or two dress-making lessons of this kind is surprising.

Coble rendered some beautiful musical selections on the piano and violin. They received an enthusiastic encore from their appreciative auditors and responded graciously to the call. Rev. D. N. Howe delivered a learned and interesting address upon the subject of "Permanent Peace and Its Attainment Through the League of Nations." The Harvest Feast which will be held at the next meeting is in charge of a capable committee whose members are Mrs. J. W. Lea, Mrs. Chas. Whittaker and Mrs. Jas. Eddie.

EVANGELISTIC CAMPAIGN

Ukiah is fortunate in getting the talent represented in the LeGrand-Shields Evangelists. John H. LeGrand is a fluent and forceful speaker, and though a young man, he has been remarkably successful in his meetings. In both church and Y. M. C. A. work he has demonstrated the fact that he knows how to serve men. The odd features about his messages are their brevity and force. Mrs. Rosa B. LeGrand is in every way an able assistant in music and personal work.

Harry K. Shields has been singing since he was fifteen years of age with some of the leading evangelists of America. He possesses a remarkably clear and rich tenor voice, and is now under contract to sing for Edison and Victor phonographs next year. Besides his voice Mr. Shields uses the saxophone with good effect. New Fish Story.

A convalescing Indian fisherman in a Rangoon hospital was fishing along the foreshore recently when he caught a small fish. His basket being a short distance away, he put the head of the fish in his mouth, and closed his teeth on it, while he was rebaiting his hook. The fish slipped into his throat, and struggling to escape, got stuck there. The fisherman was hurried into the hospital, where an incision was made and the fish removed just in time to save the patient from choking to death.

Laid Color on Thickly.

There were periods when even men rouged. In the Eighteenth century little attempt was made to imitate nature's coloring. The ladies "laid it on thick" in round red spots, and seemed to apply it, as they did patches, to obtain a supposed decorative effect, and to simulate the blush of nature. The red and white they used, unlike the modern cosmetics, were actually poisonous, and there is record of more than one lady of quality who died from the effects of white lead.

Humility.

The only true independence is in humility. . . . But humility is not the virtue of a fool; since it is not consequent upon any comparison between ourselves and others, but between what we are and what we ought to be.—Washington Allston.

FAIRBANKS' BID REJECTED

The California Highway Commission has rejected the bid of A. J. Fairbanks, for the construction of a section of highway between Auburn and northerly boundary in Placer county, for the reason that it was over $17,000 above the Engineer's estimate.

VESPER SERVICES AT PRESBYTERIAN CHURCH

Beginning next Sunday the evening service at the Presbyterian Church will be held at 4:30 o'clock instead of 7:30 o'clock, and will be in the nature of a vesper service with a good deal of music and a short sermon by the pastor. The services will be just one hour in length. It is thought that this early hour may be convenient for a good many who do not care to go out in the evening during the winter season. A cordial invitation is extended to all to attend and take part in these services.

Stationery for the Farmer

The up-to-date farmer should have neatly printed letterheads and envelopes. Name your farm and let your stationery carry the name. If you specialize on some particular line, let your stationery announce that fact also. Ordered in lots of several hundred each of letterheads and envelopes printed stationery is no more expensive than the blank kind you get at the stationery store. Write or call for prices.

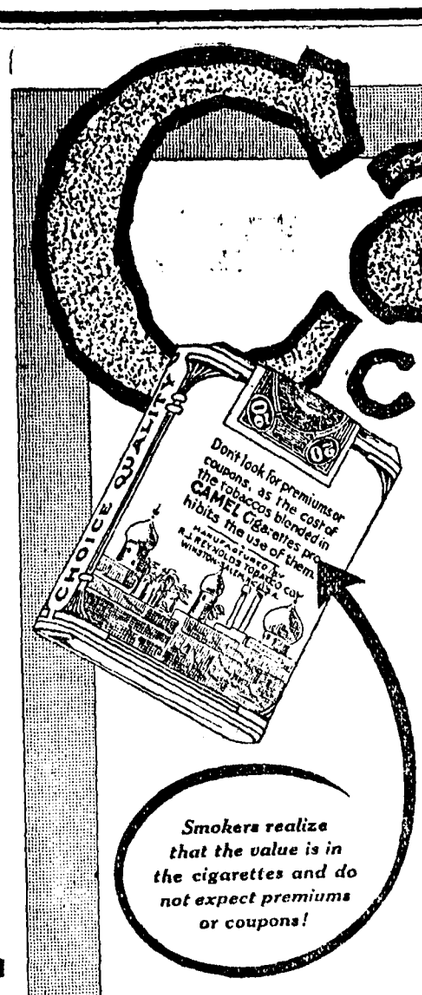
Camel CIGARETTES



Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

If you want to know what rare and unusual enjoyment Camels provide smoke them in comparison with any cigarette in the world at any price!

CAMELS are a cigarette revelation any way you consider them! Take quality, or refreshing flavor and fragrance; or, that wonderful mellow-mild-smoothness you never before got in a cigarette smoke! Yet Camels are so full-bodied and so full-of-satisfaction you marvel that so much delight could be put into a cigarette!

Camels expert blend of choice Turkish and choice Domestic tobaccos makes them so irresistibly appetizing! And, the blend explains why it is possible for you to smoke Camels liberally without tiring your taste! *You will prefer Camels to either kind of tobacco smoked straight!*

You'll realize pretty quick, too, that among the many reasons you smoke Camels is their freedom from any unpleasant cigaretty aftertaste or unpleasant cigaretty odor!

Once you know Camels you won't take much stock in premiums, coupons or gifts! You'll prefer Camel quality!

Ukiah Outgrowing Her Present System of Municipal Government

It is becoming increasingly apparent that Ukiah has outgrown the system of municipal government under which the city is operating. Let this not be construed into a criticism of the city trustees, for they are giving all and more than the public has any right to expect, especially when it is considered that they are serving without pay and without any reward whatever except the satisfaction of performing a public duty. The value of their services, their ability and their diligence are acknowledged, and the gratitude of the citizenry is theirs in full measure.

But it is an imposition to expect any man or any set of men to attend to the large volume of detail now involved in a proper administration of the city's affairs without any compensation of a pecuniary nature. That the majority of citizens are unwilling to give their time and attention to public business gratis is evidenced by the difficulty encountered in filling vacancies on the board, and the reluctance with which those best qualified are receiving suggestions that they run for the office of city trustee at the municipal election next April.

Under these conditions it would appear that some more practical system of government for the city should be adopted. There is enough business and more than enough to keep one man, and a highly competent man at that, engaged his entire time, and such an executive, we believe, should be selected and paid a salary adequate to his services.

It is possible for the trustees, acting within the statutes regulating our city government, to appoint such an official, giving him the title of street superintendent and then delegating to him all authority and direction over not only the streets, but all the other municipal interests.

This would take the more arduous burdens off the shoulders of the board, but they would still retain the reins of control and through them the people of the city would still hold all the power they now have.

While this plan may not appeal to some, nevertheless it is the consensus of opinion that it or some measure that will achieve a similar result must be adopted in the near future.

How Johnson Was "Sawed Off" By The G. O. P.'s Old Guard

With the defeat of Hirampant Johnson's second reservation to the League Treaty, purporting to make the voting power of the United States equal to that of any other nation in the league, a reservation unnecessary for the reason that the League constitution itself provided for that same thing, the process of "sawing off" Johnson was completed by the G. O. P.'s "Old Guard".

When Hirampant was sent out to stump the country against the league he thought that he was being given an opportunity to make political capital which would be useful in his campaign for the Republican presidential nomination next year. But Penrose, et al, had other plans. Johnson climbed their tree, got out on the end of the limb they had selected and then they "sawed the limb off."

Johnson had been destined for this fate immediately after Senator Penrose reappeared in the Senate after his long sojourn in Pennsylvania and Johnson played right into Penrose's hands when he helped to make Senator Penrose chairman of the Finance Committee, and began to hobnob with the "standpat" crew of the G. O. P.

Johnson was busy courting favor with any Republican coterie that might mean votes in the national convention. To win he had to get the consent or acquiescence of Penrose, the real boss of the Republican organization. For a time Hirampant was quiet, docile and hopeful, but he invited defeat when he set forth on the trail of the President. Johnson's first speech won applause, but there was nothing lasting about his boom. The first puncture it received was from the Penrose-Old Guard stiletto, but the one that deflated it entirely was that given by the public. The people crowded to hear him as they would have gone to a side show to see a two-headed calf; but their curiosity was soon satisfied. The last few days of the Johnson speaking tour failed to attract any attention outside of local communities.

One by one the Penrose group has buried the presidential ambitions of the Progressives. The first effort of the old Bull Moose party to win headway after the last election was repulsed by Mr. Penrose when he told Gifford Pinchot to go "hire a tent and exhibit himself as a 'bearded woman.'" Then Senator Borah was discussed. Johnson is now rubbing the cold shoulder of the Old Guard.

Senator Penrose has sewed up the Republican nomination for some friend of standpatism. He has no idea of seeking the nomination himself, but the man who makes the race will bear his private mark and tag.

Senator Penrose took occasion in the Senate to approve the purpose of the Johnson amendment and voted for it, but he knew that it would fail—having previously arranged for that result.

"Investigations" Discontinued

Republican "investigations" into the conduct of the war have progressed far enough to admit of an assessment of their value either as correctives or deterrents. They have covered a good deal of ground and filled many thousands of pages with testimony and documentary materials. They have furnished texts for news and comment. They have served some partisan uses. The inquiries have been made largely by Republicans and with a Republican majority to give what authority and moneys were needed by the inquisitors to journey here, there and yonder in quest of evidence.

What has been adduced in the way of facts to convict any single important official of the Government of dishonesty or dereliction? Any person of fair mind, whatever his political creed, will agree that even the record which these Republican committees have produced from the mouths of any witnesses fails to show worse than waste that was inherent in the rapid preparations for the biggest war of all times, or, errors of judgment of less consequence in America's first few months of belligerency than those made by some of the Allies which had three years' experience in the conflict.

Much of the testimony which these committees have taken was that of persons with grievances—concerns which failed to get contracts; military officers whose plans or suggestions had been vetoed; subordinates with grudges against superiors; men with partisan or personal animus. Of the statements that were true only a few were new; a great deal of what was new is under suspicion as to its accuracy.

Before the "investigators" began Secretary of War Baker and Democratic leaders in Congress frankly conceded that in the emergency of turning the industries of peace to the makings of munitions on a vast scale, time was a more important element than money; that between losing days and losing dollars the War Department and the other branches of the Government did not hesitate to choose. It was Democratic officials that detected and ousted incompetents and proceeded—with the help of Republicans like former Justice Charles E. Hughes—against delinquents.

It is notable that even Republican newspapers which have a sense of news values are devoting little of their space and none of their editorial columns to these "investigations". They are showing hardly any interest in last year's history even though Congressional partisans seem to think it has a bearing on next year's campaign.

Soldiers are waiting more or less patiently to find what Congress is going to do to redeem Republican promises of compensatory legislation. Republican leaders reply that they are waiting to ascertain what the soldiers desire. But these same leaders didn't consult the soldiers last Spring before making their pledges of immediate action.

Senator Lodge is leader of the Republican majority on the floor of the Senate. Senator Penrose is boss behind closed doors.

The American Legion Department.

Devoted to the Service and Ex-Service Men.

Another post of the American Legion has been organized at Fort Bragg to be known as Sequoia Post, with a membership of over 80. The towns throughout the county are slowly awakening to the value of the American Legion and the ideals for which it stands, and as time goes on it is thought probable that other posts will be organized throughout the county.

The local post was in receipt of a communication from the Los Angeles post of the Legion asking the boys here to get in touch with a shell-shocked patient who is confined in the Mendocino State Hospital. The communication was the result of the request of the boy's mother to learn the condition and whereabouts of her son. A committee was appointed to look into the matter, and has written to the mother of the boy stating that he is being well cared for and will soon be able to return to his home. A standing committee was appointed at the last meeting to be known as the "welfare committee" whose business it will be to visit the shell shocked patients at the hospital occasionally and to report their progress.

At the last meeting of the local post held last Thursday evening, the report of the committee that handled the finances of the Armistice ball was heard. The committee reported that when all bills were paid quite a tidy sum was cleared up. This money will be used towards securing and equipping club rooms which will also be used as a meeting place for the Legion.

The Kosmos Club went on record at its last meeting favoring a combination with the American Legion in the erection of the club rooms which could be used both as a meeting place for the clubs of the town and for the American Legion. It is thought that the matter will be laid before the other clubs of the town and that action will be taken in the near future. The club rooms as planned by the clubs last year would comprise a large reading room, and also a large hall for dances. The matter was laid before the American Legion and the boys looked favorably upon the plan.

At a meeting of Post No. 76, of the American Legion, held last Thursday evening, a resolution which expresses the sympathy of the local post, and endorses the policy of extermination of the I. W. W.'s who have been terrorizing the United States and who perpetrated the treacherous murder of four of the members of the American Legion during the Armistice Day Parade, was sent to Centralia Post, of the American Legion. The resolution is as follows:

Nov. 18, 1919

CENTRALIA, WASH., POST,
AMERICAN LEGION.

COMRADES:—

WHEREAS, it is the object of the American Legion to protect and promote Americanism and to erradicate as far as possible, all radicalism that is detrimental to our Government; and

WHEREAS, The enemies of free government by free peoples, have, in accordance with their policies, treacherously killed and wounded our comrades of the American Legion of the Centralia, Washington, Post; and

WHEREAS, These comrades were shot from an ambuscade without opportunity to protect or defend themselves from the foes of civilization and established institutions; therefore be it

RESOLVED, That we, the Ukiah, California, Post of the American Legion, take this means of offering our profound sympathy to the members of the Centralia, Wash., Post, of the American Legion for the loss they have sustained in the murder of our comrades by the cowardly assassins of the Industrial Workers of the World, and be it

RESOLVED, That we heartily endorse the policy adopted by your Post to exterminate the radicals of your State and our Nation, and be it

RESOLVED, That we extend our tender sympathies to the bereaved relatives and friends of our fallen comrades; and be it further

RESOLVED, That a copy of these resolutions, properly engrossed, be sent to the Centralia, Wash., Post of the American Legion as a mark of our esteem for their efforts.
